# AS **ECONOMICS**

Paper 2 The national economy in a global context

Thursday 17 May 2018 Morning Time allowed: 1 hour 30 minutes

### **Materials**

For this paper you must have:

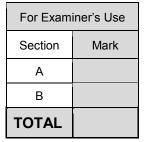

- the insert
- a calculator.

### Instructions

- Use black ink or black ball-point pen. Pencil should only be used for drawing.
- Fill in the boxes at the top of this page.
- Answer all questions in Section A.
- Answer either Context 1 or Context 2 in Section B.
- You will need to refer to the insert provided to answer Section B.
- You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- Do all rough work in this book. Cross through any work you do not want to be marked.

## Information

- There are 70 marks available on this paper.
- The marks for questions are shown in brackets.
- No deductions will be made for wrong answers.

# Section A

Answer all questions in this section.	
Only <b>one</b> answer per question is allowed.  For each question completely fill in the circle alongside the appropriate correct method wrong methods would be wrong methods are wrong methods and wrong methods wrong methods are wrong methods.  If you wish to return to an answer previously crossed out, ring the answer select as shown.	wer as shown.
Which one of the following indicates a contractionary monetary policy.	olicy?
A A fall in the budget deficit	0
<b>B</b> A rise in the money supply	0
C An increase in the national debt	0
<b>D</b> Appreciation of the exchange rate	0
	[1 mark]
