# AS **PSYCHOLOGY**

Paper 1 Introductory Topics in Psychology

Monday 15 May 2017

Afternoon

Time allowed: 1 hour 30 minutes

## **Materials**

For this paper you may use:

• a calculator

#### Instructions

- Use black ink or black ball-point pen.
- Fill in the boxes at the top of this page.
- Answer all questions. You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- Do all rough work in this book. Cross through any work you do not want to be marked.

### Information

- The marks for questions are shown in brackets.
- The maximum mark for this paper is 72.
- You will be assessed on your ability to:
  - use good English
  - organise information clearly
  - use specialist vocabulary where appropriate.

0 4	Daniel and Matthew are in the same class at school but have very different views on success. Daniel is convinced that success is due to hard work and determination, whilst Matthew believes that luck and fate determine success.
	The class is putting on a play and neither Daniel nor Matthew wants to participate. Their friends are trying to persuade them to take part.
	Using your knowledge of locus of control, identify which boy is most likely to resist the social influence of his friends. Explain why.
	[4 marks]
	Extra space

0 5	Another boy in the class, Tom, refuses to take part in the play.
	Explain how Tom's refusal to take part might affect Daniel's and Matthew's ability to resist social influence.
	[2 marks]
	Extra space

Turn over for the next question

0 6	Outline research into the effect of situational variables on obedience and what this tells us about why people obey.	d discuss
	You may use this space to plan your answer.

	Section C
	Attachment
	Answer <b>all</b> questions in this section.
1 2	Identify <b>two</b> infant behaviours that are characteristic of an insecure-resistant attachment type.  [2 marks]
	Extra space

1 3

A researcher is investigating gender differences in classification of attachment. They conduct a study using Ainsworth's 'Strange Situation'. The results are shown in **Figure 1** below.

Figure 1 The proportions of boys and girls who are classified as securely attached

Using the information in **Figure 1**, estimate the percentage of **boys** and **girls** that are securely attached.

Boys =			
Girls =			
00			

[2 marks]

Turn over for the next question

1 4	In a different study, 150 children were classified as securely attached. Of these, 40% were boys. How many of the 150 children were girls? Show your workings.
	[2 marks]
1 5	The researcher collected quantitative data using the 'Strange Situation'. He then decided to collect qualitative data by conducting interviews with some of the parents of the infants.
	Describe <b>two</b> differences between these types of data.
	[4 marks]
	Extra space

1 6	Outline Bowlby's theory of maternal deprivation.	[3 marks]
	Extra space	

Turn over for the next question

1 7	Explain <b>one</b> criticism of Bowlby's theory of maternal deprivation.	[3 marks]
	Extra enace	
	Extra space	

1 8	Outline and evaluate the learning theory of attachment.	[8 marks]
