Paper 1

**October/November 2011**

**1 hour 45 minutes**

Candidates answer on the Question Paper.  
No Additional Materials are required.

**READ THESE INSTRUCTIONS FIRST**

Write your Centre number, candidate number and name on all the work you hand in.

Write in dark blue or black pen.

You may use a soft pencil for any diagrams or graphs.

Do not use staples, paper clips, highlighters, glue or correction fluid.

**DO NOT WRITE IN ANY BARCODES.**

Answer **all** questions.

You may use a calculator.

Where layouts are to be completed, you may not need all the lines for your answer.

The businesses mentioned in this Question Paper are fictitious.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [ ] at the end of each question or part question.

This document consists of **17** printed pages and **3** blank pages.

1 There are 10 parts to Question 1.

For **each** of the parts (a) to (j) below there are four possible answers **A**, **B**, **C** and **D**. Choose the **one** you consider correct and place a tick (✓) in the box to indicate the correct answer.

(a) Why does the owner of a business calculate profit?

- |          |                                                                           |                          |     |
|----------|---------------------------------------------------------------------------|--------------------------|-----|
| <b>A</b> | to find out how much debtors owe him                                      | <input type="checkbox"/> |     |
| <b>B</b> | to find out how much he owes to creditors                                 | <input type="checkbox"/> |     |
| <b>C</b> | to know how much money may be taken as drawings without reducing capital  | <input type="checkbox"/> |     |
| <b>D</b> | to reconcile the cash book balance with the balance on the bank statement | <input type="checkbox"/> | [1] |

(b) What is another name for a copy of a customer's account in the sales ledger when it is sent to the customer?

- |          |             |                          |     |
|----------|-------------|--------------------------|-----|
| <b>A</b> | credit note | <input type="checkbox"/> |     |
| <b>B</b> | debit note  | <input type="checkbox"/> |     |
| <b>C</b> | invoice     | <input type="checkbox"/> |     |
| <b>D</b> | statement   | <input type="checkbox"/> | [1] |

(c) It is important to match a business's expenses to the appropriate accounting period.

Why is this?

- |          |                                                            |                          |     |
|----------|------------------------------------------------------------|--------------------------|-----|
| <b>A</b> | the business needs to pay the correct amount of expenses   | <input type="checkbox"/> |     |
| <b>B</b> | to calculate the correct profit or loss for the period     | <input type="checkbox"/> |     |
| <b>C</b> | to calculate unpaid expenses for the period                | <input type="checkbox"/> |     |
| <b>D</b> | unpaid expenses cannot be carried forward to the next year | <input type="checkbox"/> | [1] |

- (d) Paul returns goods previously purchased on credit from Peter.

Where will this transaction be recorded in Peter's accounting records?

	book of prime (original) entry	nominal (general) ledger	
<b>A</b>	purchases returns journal	credit purchases returns account	<input type="checkbox"/>
<b>B</b>	purchases returns journal	debit purchases returns account	<input type="checkbox"/>
<b>C</b>	sales returns journal	credit sales returns account	<input type="checkbox"/>
<b>D</b>	sales returns journal	debit sales returns account	<input type="checkbox"/>

[1]

- (e) A business made a loss for the year.

What effect would this have on the balance sheet?

- A** decrease current liabilities
- B** decrease net assets
- C** increase capital employed
- D** increase capital owned
- [1]

- (f) Which item would appear in a partnership income statement?

- A** interest on loans from partners
- B** interest on partners' capital
- C** interest on partners' drawings
- D** partners' salaries
- [1]

For  
Examiner's  
Use

(g) A limited company has issued debentures.

Which statement is correct?

- |          |                                                                |                          |     |
|----------|----------------------------------------------------------------|--------------------------|-----|
| <b>A</b> | Debentures are part of the share capital                       | <input type="checkbox"/> |     |
| <b>B</b> | Debentures earn a fixed rate of interest                       | <input type="checkbox"/> |     |
| <b>C</b> | The holders of debentures can vote at shareholders' meetings   | <input type="checkbox"/> |     |
| <b>D</b> | The rate of dividend on debentures varies according to profits | <input type="checkbox"/> | [1] |

(h) Which is **not** used to calculate cost of production?

- |          |                             |                          |     |
|----------|-----------------------------|--------------------------|-----|
| <b>A</b> | inventory of finished goods | <input type="checkbox"/> |     |
| <b>B</b> | inventory of raw materials  | <input type="checkbox"/> |     |
| <b>C</b> | purchase of raw materials   | <input type="checkbox"/> |     |
| <b>D</b> | work in progress            | <input type="checkbox"/> | [1] |

(i) Which is the **best** indicator of the liquidity of a business?

- |          |                            |                          |     |
|----------|----------------------------|--------------------------|-----|
| <b>A</b> | current ratio              | <input type="checkbox"/> |     |
| <b>B</b> | quick ratio                | <input type="checkbox"/> |     |
| <b>C</b> | return on capital employed | <input type="checkbox"/> |     |
| <b>D</b> | working capital            | <input type="checkbox"/> | [1] |

(j) Suzanne's financial year ends on 31 December.

She carried forward the closing inventory on 31 December 2010 so it became the opening inventory at the start of the following financial year.

Which accounting principle is Suzanne applying?

- |          |                   |                          |     |
|----------|-------------------|--------------------------|-----|
| <b>A</b> | business entity   | <input type="checkbox"/> |     |
| <b>B</b> | consistency       | <input type="checkbox"/> |     |
| <b>C</b> | going concern     | <input type="checkbox"/> |     |
| <b>D</b> | money measurement | <input type="checkbox"/> | [1] |

**Question 3 is on the next page**

- 3 Moloch has a furniture store and sells goods for cash and on credit. He puts the cash receipts in his cash box and enters them into his three-column cash book each week. He offers a cash discount of 2½% to his credit customers for payment within 15 days.

He buys inventory in bulk from a wholesaler for cash and receives trade discount of 4% for orders in excess of \$1500.

He pays staff wages each week in cash.

On 1 October 2011 Moloch's cash book showed cash in hand of \$650 and cash at bank of \$3200.

Moloch had the following transactions for the first week of October 2011. He writes up his cash book and ledger each week.

October		\$
3	Cheque received from Justin for goods sold on 19 September	390
4	Sold goods on credit to Hercules	800
5	Paid cash to Andrews for goods purchased	2880
6	Cheque received from Munira for goods sold on 2 September	150
7	Cash sales for the week	3650
7	Wages paid for the week	630

### REQUIRED

- (a) Make the necessary entries in Moloch's cash book on the following page to record the above transactions for the week ended 7 October 2011.

Moloch  
Cash Book

Date	Details	Discount Allowed	Cash	Bank	Date	Details	Discount Received	Cash	Bank
		\$	\$	\$			\$	\$	\$

For  
Examiner's  
Use

[8]

(b) From the information given above, and the entries in the cash book, write up the accounts in Moloch's ledger below to record the transactions for the week.

(c) Calculate Moloch's total sales for the week. Show your workings.

.....

.....

.....

..... [2]

Moloch had trade receivables of \$8200 at 31 October 2011 and is concerned that some of his credit customers may not pay their outstanding debts.

He proposes to create a provision for doubtful debts of 5% of his trade receivables.

**REQUIRED**

(d) Explain what is meant by a provision for doubtful debts.

.....

.....

..... [2]

(e) Calculate the amount of the provision for doubtful debts which Moloch will create at 31 October 2011. Show your workings.

.....

.....

..... [2]

(f) Explain how Moloch will be able to decide in the future if the provision for doubtful debts is adequate.

.....

.....

..... [3]

**[Total: 26]**

After the trial balance had been prepared, the following errors were found.

- 1 Cash sales of \$2200 had been paid into the bank but had not been posted to the revenue (sales) account.
- 2 Drawings of \$900 had been correctly entered in the cash book but posted to the drawings account as \$500.
- 3 No entry had been made for wages of \$650 paid in cash.

**REQUIRED**

(b) Prepare the journal entries required to correct these errors. The date and narrative are **not** required.

	Dr	Cr
	\$	\$

[6]

(c) Write up the suspense account in Henrietta's ledger. Dates are **not** required.

Henrietta  
Suspense account

**[Total 19]**

- 5 (a) Explain what is meant by a non-current asset.

.....

.....

..... [2]

Queresh has bought a machine costing \$3600 for use in his business. He estimates the machine will have a useful life of three years and will have a scrap value of \$450 after that time. Queresh decides he will depreciate the machine on the straight line method.

**REQUIRED**

- (b) Calculate the depreciation to be charged on the machine in Queresh's income statement for **each** of the three years of its useful life. Show your workings.

(i) Year 1 .....

.....

.....

(ii) Year 2 .....

.....

.....

(iii) Year 3 .....

.....

..... [5]

Queresh is preparing his financial statements for the year ended 30 September 2011 and has extracted the following items from his trial balance at that date.

Queresh  
Trial Balance (extract) at 30 September 2011

	\$
Revenue (sales)	72 500
Rent receivable	6 500
Sales returns	800
Inventory at 1 October 2010	6 000
Raw materials (purchases)	48 800
Distribution expenses	2 580
Administrative expenses	8 225
Other operating expenses	1 600
Finance costs	1 380
Drawings	12 000

No entry has yet been made for depreciation on the above machine.

Queresh believes that his profit for the year is too small. He is considering not including the depreciation charge on his machine in his income statement so the profit will be increased.

*For  
Examiner's  
Use*

**REQUIRED**

(d) (i) Explain why Queresh should include the depreciation charge in his income statement.

.....  
.....  
..... [2]

(ii) Suggest **one** other way in which Queresh may increase his profit for future years.

.....  
.....  
..... [2]

**Question 6 is on the next page**

6 Vasco and Xavier each have a garage.

Vasco sells only fuel.

Xavier does not sell fuel. He sells parts for cars and has a workshop where he does repairs.

The following information is available for the year ended 30 September 2011.

	Vasco's garage \$	Xavier's garage \$
Revenue (sales) – fuel	124 000	nil
Revenue (sales) – parts and repairs	nil	80 000
Cost of sales	114 700	60 000
Operating expenses	5 600	12 000
Capital employed	20 000	60 000

### REQUIRED

(a) For **each** garage, show the percentage of gross profit to sales in the table below. Use the space given for your workings and give your answer to **one** decimal place.

Percentage of gross profit to sales

Vasco's garage	Xavier's garage
Workings	Workings
Answer	Answer

[6]

(b) For **each** garage, show the return on capital employed in the table below. Use the space given for your workings and give your answer to **one** decimal place.

Return on capital employed

Vasco's garage	Xavier's garage
Workings	Workings
Answer	Answer

[6]

Xavier decides he will increase his profit by also selling fuel.

This will **not** require him to introduce any additional capital.

For  
Examiner's  
Use

### REQUIRED

- (c) In the table below, place a tick (✓) under the correct heading to show the effect on **each** ratio if Xavier also sells fuel.

	Increase	Decrease	No effect
Percentage of gross profit to sales			
Return on capital employed			

[4]

- (d) Advise Vasco about whether he should also sell parts and open a workshop. He would need to introduce additional capital to do this. Give reasons for your answer.
