March 2018

MARK SCHEME

Maximum Mark: 50

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the March 2018 series for most Cambridge IGCSE[®], Cambridge International A and AS Level components and some Cambridge O Level components.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

Note 1: All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated. Nonetheless, the content must be clearly related to and derived from the passage.

Note 2: Words underlined in the answers to the questions are required for the full mark(s) to be awarded.

Notes on the Task

Examiners should observe the following principles when assessing candidates' responses to this question:

- Question **1(g)(ii)** requires a comment on the effectiveness of the writer's use of language for a particular purpose in the *whole phrase* quoted.
- Credit should be given to responses that attempt to explain how the writer's choice of words/images etc. produce the intended response in the reader's mind.
- When marking these responses, we are looking for evidence that candidates have some appreciation of the appropriate associations and suggestions in the writer's choice of words.
- There are, therefore, no specific right or wrong answers to this task. We should award marks on the quality of linguistic analysis shown by the candidate in order to support her/his interpretation of the writer's purpose.
- It is not necessary for candidates to show knowledge of the names of different figures of speech (simile, metaphor etc.) to produce a successful answer – what we are looking for is an *understanding of how* the writer uses any such literary devices.
- Remember that 2 is the maximum mark for any one explanation and that candidates are likely to *comment on each phrase in one or two lines only. This fact should be borne in mind when applying the descriptors in the table below.*
- Note: This question is marked out of a total of 6 (2 marks for explanation of each phrase). However, it is fully acceptable to award a holistic mark for this question (e.g. a maximum of 5 out of 6) especially when a partial understanding of the effects of some of the chosen phrases is implied.

2 marks	There will be a secure understanding of the phrase and of the writer's purpose for choosing the language used in it. There will be an appreciation of how the suggestions and associations of the vocabulary/imagery used contribute to the writer's purpose and a convincing attempt to explain how this effect is achieved. N.B. 2 marks can be awarded to a response that contains an interpretation different from that anticipated if there is a convincing explanation given.
1 mark	Responses gaining 1 mark will show understanding of the phrase <i>as a whole</i> and show some awareness of the writer's purpose for choosing the language used in it. However, this is likely to be only partially explained and an awareness of how this is achieved is likely to be implied rather than specifically explained.
0 marks	Responses gaining 0 marks will either show complete misunderstanding of the phrase or simply list the figure(s) of speech used by the writer without further comment.

Question 2

This question tests reading assessment objectives R1–R3 (10 marks):

R1 demonstrate understanding of explicit meanings

R2 demonstrate understanding of implicit meanings and attitudes

R3 analyse, evaluate and develop facts, ideas and opinions

AND writing assessment objectives W1–W4 (10 marks):

W1 articulate experience and express what is thought, felt and imagined

W2 sequence facts, ideas and opinions

W3 use a range of appropriate vocabulary

W4 use register appropriate to audience and context

Question	Answer	Marks
2	<p>Imagine that you are Leo, the narrator’s son in Passage A. You have decided to write a journal entry, describing the fishing trip to the mountain lake with your father.</p> <p><u>Write your journal entry.</u></p> <p>In your journal entry you should:</p> <ul style="list-style-type: none"> • describe the sights and sounds of the mountain and lake • describe how you felt on catching your first trout • explain how these experiences have influenced your attitude to the natural world. <p>Base your journal entry on what you have read in Passage A, but do not copy from it. Be careful to use your own words. Address each of the three bullet points.</p> <p>Begin your journal entry: ‘I didn’t know what to expect when I first saw the mountain lake ...’</p> <p>Write about 200 to 300 words.</p> <p><u>Up to 10 marks are available for the content of your answer, and up to 5 marks for the quality of your writing.</u></p> <p>General notes</p> <p>The most successful responses are likely to emphasise the strange quality of the location and the trout (the lake is located uphill, the trout present themselves to be caught) and to tie this in with the novelty/excitement of his first catch. There will be a sensible and convincing attempt to evaluate the key elements of the experience. Less successful responses are likely to lift sections of the original and do little more than repeat points that are already there without going beyond the more obvious details.</p> <p>Look for and credit an attempt to write in an appropriate register.</p>	15

Marking criteria for Question 2**Table A, READING: Using and understanding the material**

Use the following table to give a mark out of 10 for Reading.

Band 1	9–10	Uses and develops several ideas, both factual and inferential, from the passage. Consistently reflects Leo's feelings about his surroundings and his reaction to catching his first trout. Shows a confident, logical appreciation of what has been learned from the experience (e.g. how this has increased his understanding of the natural world around him).
Band 2	7–8	Refers to several details from the passage and makes some reference to his surroundings and his reaction to catching his first trout. Shows some detailed awareness of what has been learned from the experience (e.g. how this has increased his understanding of the natural world around him).
Band 3	5–6	Repeats some details from the passage about his surroundings and his reaction to catching his first trout. Shows some incomplete understanding of, with limited detail or no reference to, what has been learned from the experience. Focuses on the question and on the passage, but uses material simply and partially.
Band 4	3–4	There is some relevance to the question with a tendency to retell the original rather than to focus on the bullet points. Makes simple references to the events of the fishing trip.
Band 5	1–2	There is an attempt to use the passage. May retell the passage or give occasional relevant facts. There may be examples of misunderstanding or lack of clarity.
Band 6	0	There is little or no relevance to the question or to the passage or the response copies unselectively or directly from the passage.

Table B, WRITING: Structure and order, style of language:

Use the following table to give a mark out of 5 for Writing.

Band 1	5	Sentences are fluent and there is a fairly wide range of vocabulary. Overall structure is good and sentences generally follow in sequence. An appropriate register is established.
Band 2	4	Sentences are correct, though relatively simple. Vocabulary is adequate and correctly used. Structure is generally sound. Some of the register is appropriate.
Band 3	3	Sentence structures and vocabulary are simple, but meaning is never in doubt. The order is reasonable. There may be an attempt at an appropriate register but it is inconsistent.
Band 4	2	The response is very simply written and there are occasional examples of blurred meaning. The structure can usually be followed. The response may be over-dependent on lifted material.
Band 5	1	The response is difficult to understand. The response may be almost entirely lifted from the original.
Band 6	0	The response cannot be understood.

Question 3

The questions tests reading assessment objectives R1, R2 and R5 (10 marks)

R1 demonstrate understanding of explicit meanings

R2 demonstrate understanding of implicit meanings and attitudes

R5 select for specific purposes

and writing assessment objectives W1 to W3 (5 marks)

W1 articulate experience and express what is thought, felt and imagined

W2 sequence facts, ideas and opinions

W3 use a range of appropriate vocabulary

Marking criteria for Question 3(b)

Table A, Writing (concision, focus, use of own words)
Use the following table to give a mark out of 5 for Writing.

Band 1	5	The response is well focused on the passage and the question. All points are expressed clearly, concisely and fluently, and in the candidate's own words (where appropriate) throughout.
Band 2	4	Most points are made clearly and concisely. Own words (where appropriate) are used consistently. The summary is mostly focused but may have a redundant introduction or conclusion.
Band 3	3	There are some areas of conciseness. There may be occasional loss of focus or clarity. Own words (where appropriate) are used for most of the summary. Responses may be list-like or not well sequenced.
Band 4	2	The summary is sometimes focused, but it may include comment, repetition, unnecessarily long explanation or lifted phrases.
Band 5	1	The summary is unfocused or wordy. It may be answered in the wrong form (e.g. narrative, commentary or as notes). There may be frequent lifting of phrases and sentences.
Band 6	0	Excessive lifting: no focus. The response cannot be understood or consists entirely of the words of the passage.
