Paper 2 Reading and Writing (Extended)

**October/November 2022**

MARK SCHEME

Maximum Mark: 80

---

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2022 series for most Cambridge IGCSE™, Cambridge International A and AS Level components and some Cambridge O Level components.

This document consists of **11** printed pages.

**Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

**GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

**GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always **whole marks** (not half marks, or other fractions).

**GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

**GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently, e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

**GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

**GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

This component forms part of the **Extended** tier assessment of Cambridge IGCSE English as a Second Language and tests the following Assessment Objectives:

**AO1: Reading**

- R1 identify and select relevant information
- R2 understand ideas, opinions and attitudes
- R3 show understanding of the connections between ideas, opinions and attitudes
- R4 understand what is implied but not directly stated, e.g. gist, writer's purpose, intentions and feelings

**AO2: Writing**

- W1 communicate information/ideas/opinions clearly, accurately and effectively
- W2 organise ideas into coherent paragraphs using a range of appropriate linking devices
- W3 use a range of grammatical structures accurately and effectively
- W4 show control of punctuation and spelling
- W5 use appropriate register and style/format for the given purpose and audience

**Exercise 4**

The following general instructions, listed Content points, and Marking criteria, all apply to Exercise 4:

- You should decide on a mark for Content and Language **separately**.
- Content points are listed below.
- This paper has two aspects of Content in the task. If only one aspect is successfully addressed, then a **maximum of 4 marks can be awarded for Language**.
- **Language** covers **organisation** and **coherence**, and **range** and **accuracy** of language. When deciding on a mark for Language, first gain an impression of the response, then focus on the level descriptors in order to decide on the best fit. If all three bullet points within the band are fulfilled then it is likely that you will award the higher mark within that band.
- **If the response exceeds 120 words, a maximum of 6 marks can be awarded for Language**

Question	Answer	Marks
13	Award up to a total of 16 marks.

## Generic marking criteria for Exercises 5 and 6

Question	Answer	Marks
14	Award up to a total of 16 marks. <b>Up to 8 marks</b> to be awarded for <b>Content</b> . Plus <b>up to 8 marks</b> to be awarded for <b>Language</b> . See generic marking criteria for Exercises 5 and 6.	<b>16</b>

Question	Answer	Marks
15	Award up to a total of 16 marks. <b>Up to 8 marks</b> to be awarded for <b>Content</b> . Plus <b>up to 8 marks</b> to be awarded for <b>Language</b> . See generic marking criteria for Exercises 5 and 6.	<b>16</b>

The following general instructions, and table of marking criteria, apply to both Exercises 5 and 6.

- You should decide on a mark for Content and Language **separately**.
- Content** covers the **relevance** (i.e. whether the piece fulfils the task and the awareness of purpose/audience/register) and the **development of ideas** (i.e. the detail/explanation provided).
- Language** covers **range** (i.e. complexity of vocabulary and sentence structure) **and accuracy** (of grammar, spelling, punctuation and text **organisation**).
- When deciding on a mark for Content or Language, first of all decide which band is most appropriate. There will not necessarily be an exact fit. Then decide between the lower or the higher mark. Use the lower mark if it fulfills some of the requirements of the band and the higher mark if it fulfills all the requirements of the band.
- When deciding on a mark for **Content**, look at both **relevance** and **development of ideas**. First ask yourself whether the writing fulfills the task, in terms of points to be covered and the required length. If the task is generally fulfilled it will be awarded **at least** 3–4 marks.
- When deciding on a mark for **Language**, look at both the **range** and the **accuracy** of the language. A useful starting point would be first to gain an impression of the level, then to focus on the level descriptors in order to decide on the best fit.
- If the writing is **considerably shorter** than the stated word length, i.e. below 105 words, it should be given 1–2 marks or less for Content for only partially fulfilling the task. If the writing is between 105 and 150 words then it is unlikely to be given more than 5 marks for Content because of a lack of detail and development.
- If the writing is only **partly relevant** and therefore can be awarded only 1–2 Content marks, the full range of marks for Language is still available.
- If the writing is **totally irrelevant** and has nothing to do with the question asked, it should be given 0 marks for Content and Language.
