MARK SCHEME

Maximum Mark: 60

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2022 series for most Cambridge IGCSE™, Cambridge International A and AS Level components and some Cambridge O Level components.

This document consists of **73** printed pages.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently, e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

GENERAL INSTRUCTIONS**Applying the Mark Scheme**

- When marking a response the overall criterion to be considered should be – ‘How good is this response to this question?’
- The ‘Level Descriptor’ should be used to decide the Level into which the quality of the answer fits.
- Exhaustive lists of possible facts are not given in the mark scheme, as there is often a choice of factual knowledge that candidates may use.
- **WHERE EXAMPLES OF RESPONSES ARE GIVEN, THESE ARE NOT PRESCRIPTIVE, BUT ARE INTENDED AS A GUIDE.** It is not possible to cover every possible type of response within a levels of response mark scheme and examiners are expected to use their professional judgement at all times in ensuring that responses are placed in the correct levels and given an appropriate mark within that level.
- Marking must be positive. Marks must not be deducted for inaccurate or irrelevant parts of answers. In itself, poor use of historical terminology, spelling, grammar or handwriting does not affect the mark. The overall quality of the answer to the question should be judged.
- If a candidate reaches a particular level s/he must be rewarded with a mark within that level. It is not necessary to work through the levels.
- The full range of marks should be used. Do not be afraid to award full marks or no marks. Failure to do this will seriously affect the distribution of marks. Be prepared to reward candidates who show any level of understanding. The mark scheme starts from basic acceptable response. Where a band of marks is indicated for a level these marks should be used with reference to the development of the answer within that level.

	Level 5 – Explains with evaluation of ‘how far’ As Level 4 plus evaluation.	10
	Level 4 – Explanation of both sides A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.	7–9
	Level 3 – One-sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. ‘In Africa, Britain built roads, railways, schools and hospitals. This generally improved the standard of living of native peoples by increasing their mobility, improving their health and giving them an education. There were benefits to the native peoples from considerable trading. Raw materials, such as bananas, palm oil, rubber, cocoa and tea, were exchanged for manufactured goods.’ OR e.g. ‘Native peoples objected to the changes brought by Britain in stopping traditional practices. 	Level 4 – Explains TWO reasons	6
	Level 3 – Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘The League was often slow to act because decisions made by the council had to be unanimous to be carried. 	Level 4 – Explanation of both sides A L4 answer will have a minimum of three explanations (2 on one side; 1 on the other). This will be worth a mark of 7. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.	7–9
	Level 3 – One-sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. 'Italy was more to blame. Mussolini undermined the authority of the League in 1923 when he persuaded the Conference of Ambassadors to change the League's ruling. This showed the League could be intimidated by one of the major powers. His invasion of Abyssinia underlined the League's weakness as members would not impose sanctions which would hit their own industries.' OR e.g. 'Britain and France were more to blame as they failed to take action to prevent Mussolini's aggression. They tried to find a solution to the Abyssinian Crisis. This involved the Hoare–Laval Pact, which was leaked to the press, and showed they were not willing to take tough action to stop Mussolini. Therefore they are more to blame.'	4–6
	Level 2 – Identifies AND / OR describes One mark for each point. e.g. 'Mussolini undermined the League in the Corfu Crisis.' 'He showed that the League would give way to a major power.' 6(b)	Why did Stalin agree to the Nazi–Soviet Pact?	6
	Level 4 – Explains TWO reasons	6
	Level 3 – Explains ONE reason 4–5 (Four marks for one explanation, five marks for full explanation) e.g. ‘Stalin agreed to the Nazi–Soviet Pact because he wanted to buy time to build up his armed forces. The Soviet army was weak and the leadership had been purged. Fuller explanation of one issue to be given two marks. An answer which only has one explanation on one side of the argument cannot be awarded more than 8.	7–9
	Level 3 – One-sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. ‘Some would argue that Chamberlain’s policy was justified. Many people feared communism more than Nazism. One way to reduce the potential threat of Soviet Russia was to ensure that there was a strong, anti-communist state in central Europe committed to its destruction. Germany fitted the bill perfectly. Anti-communists found it convenient to support appeasement and agreed with what Chamberlain was doing.’ OR e.g. ‘Chamberlain’s policy of appeasement was hard to justify. It was as if he was giving in to a bully. The policy assumed that if concessions were made to Hitler, it would reduce the chance of war. Instead, it encouraged Hitler to be more aggressive and to demand more territory. Chamberlain thought that the Munich Agreement would satisfy Hitler, but Hitler then took the whole of Czechoslovakia.’	4–6
	Level 2 – Identifies AND / OR describes One mark for each point. e.g. ‘Many people thought the Treaty of Versailles was unfair to Germany.’ ‘The British hoped that a strong Germany would stop the spread of communism.’ ‘Britain and France were militarily weak and not ready to fight.’ ‘Appeasement would give time to rearm adequately.’ ‘Memories of the First World War were still vivid.’	2–3

	Level 4 – Explains TWO reasons	6
	Level 3 – Explains ONE reason (Four marks for one explanation, five marks for full explanation) e.g. ‘Johnson increased involvement in Vietnam because of the Gulf of Tonkin incident. Two American warships were attacked by North Vietnamese gunboats. Congress gave Johnson the power to give armed support to South Vietnam. Ground troops were deployed and the bombing of North Vietnam began.’	4–5
	Level 2 – Identifies AND / OR describes reasons (One mark for each identification/description) e.g. ‘Two US warships were attacked.’ ‘There was an election looming in the US and Johnson didn’t want to be the first US President to lose a war.’ ‘Johnson had asked Generals to prepare war plans before Tonkin.’ ‘Congress supported the escalation of the war.’ ‘To contain communism.’	2–3

	Level 3 – One-sided explanation OR one explanation of both sides 5 to 6 marks More detailed explanation of one issue to be given two marks. e.g. ‘Public opinion was important because it increasingly turned against the war due to atrocities committed against the Vietnamese people. Americans were horrified by events in the village of My Lai, where 300 villagers, mainly women and children, were attacked by US troops. Americans began to protest about US involvement in the war which put pressure on the US government to withdraw.’ OR e.g. ‘North Vietnamese forces were important. They launched the Tet Offensive against US targets and South Vietnamese cities. This attack was deep inside South Vietnam and was a blow to US morale. North Vietnamese tactics continued to wear down US soldiers who began to realise that the war was unwinnable and what was the point of continuing.’	4–6
	Level 2 – Identifies AND / OR describes One mark for each point. e.g. ‘The public was concerned about the high level of casualties.’ ‘The public thought too much money was being spent.’ ‘People began to protest and burned their draft cards.’ ‘The public was upset by U.S. atrocities against the Vietnamese people.’ ‘The Tet Offensive turned public opinion.’ ‘North Vietnamese forces were very resilient.’ ‘US had no effective weapon against guerrilla warfare.’ ‘North Vietnamese tactics wore down US soldiers’ morale.’	2–3

8(b)	Why was the Berlin Wall built?	6
	Level 4 – Explains TWO reasons	6
	Level 3 – Explains ONE reason 4–5 (Four marks for one explanation, five marks for full explanation) e.g. ‘The wall was built to prevent people from leaving the Eastern sector of Berlin and defecting to the West. Over 2.5 million East Germans had left between 1949 and 1961. Many of those leaving were the most skilled workers, such as engineers and teachers, and the East German government wanted to stop this to protect the economy in the East.’
