# MARK SCHEME for the May/June 2009 question paper for the guidance of teachers 

## 0607 CAMBRIDGE INTERNATIONAL MATHEMATICS

0607/03 Paper 3 (Core), maximum raw mark 96

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2009 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

D marks are given for a clear and appropriately accurate drawing.
$\mathbf{P}$ marks are given for accurate plotting of points.
E marks are given for correctly explaining or establishing a given result.

## Abbreviations

```
cao correct answer only
cso correct solution only
ft follow through
oe or equivalent
soi seen or implied
ww without working
www without wrong working
```

| 1 (a) (i) | 55 | B1 |  |  |
| :---: | :---: | :---: | :---: | :---: |
| (ii) | 7 | B1 |  |  |
| (iii) | 11 | B1 |  |  |
| (b) (i) | 82 | B1 |  |  |
| (ii) | 38 | B1 |  |  |
| (c) | $\frac{89}{100} \text { oe }$ | B1 |  |  |
| (d) | 1780 ft | B1 | ft their (c) $\times 2000$ | [7] |

| 2 (a) (i) | 7 | B1 |  |
| ---: | :--- | :---: | :--- |
| (ii) | 7.5 | B1 |  |
| (iii) | 7.9 | B1 |  |
| (iv) | 3 | B1 |  |
| (v) | 9 | B1 |  |
| (b) | Radius drawn giving angles of 72 <br> $36^{\circ} \pm 2^{\circ}$ <br> Labels 9 and 10 correctly placed | B1 <br> B1 | Must be ruled <br> If 2 sectors and 9 is larger |
| (c) | Ruled bars of heights 5, 2, 2, 1 | B3 | B2 for 3 correct, B1 for 2 correct. <br> Deduct 1 for freehand but reasonable |
| (d) | 30 | B2 | If B0, M1 for 3 $\div 10 \times 100$ oe $\quad$ [12] |
