## **READ THESE INSTRUCTIONS FIRST**

Write your Center number, candidate number and name on all the work you hand in.

Write in dark blue or black pen.

You may use a pencil for any diagrams or graphs.

Do not use staples, paper clips, highlighters, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

## Answer **all** questions.

If work is needed for any question it must be shown in the space provided.

Electronic calculators should be used.

If the degree of accuracy is not specified in the question, and if the answer is not exact, give the answer to three significant digits.

Give answers in degrees to one decimal place.

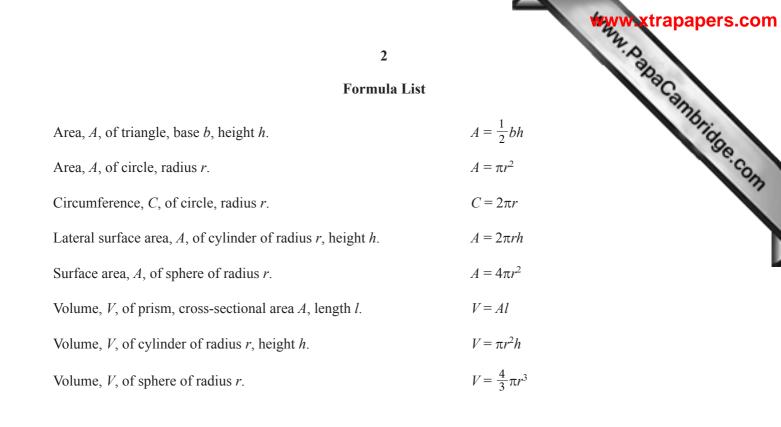

For  $\pi$ , use either your calculator value or 3.142.

The number of points is given in parentheses [] at the end of each question or part question. The total of the points for this paper is 104.

## Write your calculator model in the box below.
