Paper 1 (Core)

May/June 2022

45 minutes

You must answer on the question paper.

You will need: Geometrical instruments

INSTRUCTIONS

- Answer **all** questions.
- Use a black or dark blue pen. You may use an HB pencil for any diagrams or graphs.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen or correction fluid.
- Do **not** write on any bar codes.
- Calculators must **not** be used in this paper.
- You may use tracing paper.
- You must show all necessary working clearly and you will be given marks for correct methods even if your answer is incorrect.
- All answers should be given in their simplest form.

INFORMATION

- The total mark for this paper is 40.
- The number of marks for each question or part question is shown in brackets [].

This document has **8** pages.

Formula List

Area, A , of triangle, base b , height h . $A = \frac{1}{2}bh$

Area, A , of circle, radius r . $A = \pi r^2$

Circumference, C , of circle, radius r . $C = 2\pi r$

Curved surface area, A , of cylinder of radius r , height h . $A = 2\pi rh$

Curved surface area, A , of cone of radius r , sloping edge l . $A = \pi rl$

Curved surface area, A , of sphere of radius r . $A = 4\pi r^2$

Volume, V , of prism, cross-sectional area A , length l . $V = Al$

Volume, V , of pyramid, base area A , height h . $V = \frac{1}{3}Ah$

Volume, V , of cylinder of radius r , height h . $V = \pi r^2 h$

Volume, V , of cone of radius r , height h . $V = \frac{1}{3}\pi r^2 h$

Volume, V , of sphere of radius r . $V = \frac{4}{3}\pi r^3$

3

Answer **all** the questions.

1

Write down the mathematical name for this shape.

..... [1]

2 Change 21 days into weeks.

..... weeks [1]

3 In a shop, there are 3 red roses, 5 white roses and 4 yellow roses.
Milo chooses a rose at random.

Which colour of rose is he most likely to choose?

..... [1]

4 A carton contains 1 litre of juice.
The juice is poured into glasses.
A full glass holds 300 ml of juice.

Complete the statement.

There are full glasses and ml of juice left. [2]

5 Write down the value of $\sqrt{121}$.

..... [1]

6 Find $\frac{3}{5}$ of 30.

..... [1]

7

	Boys	Girls	Total
Swimming	13		30
Football	26	2	28
Running	3	7	
Cycling		8	12
Total	46	34	80

The table shows the favourite sports of 80 students.

Complete the table.

[2]

8 Measure angle x .

$x =$ [1]

9 Complete this statement.

$$\frac{1}{25} = \frac{\square}{100} = \square\%$$

[1]

10 Complete the mapping diagram.

[1]

11 Three packets of sweets cost 60 cents.

Work out the cost of four packets of these sweets.

..... cents [1]

12 Work out.

$$(5 - 7) \times (1 - 4)$$

..... [2]

13 Work out.

$$\frac{3}{7} \times \frac{5}{9}$$

Give your answer as a fraction in its lowest terms.

..... [2]

- 14 The value of a car is \$3000.
At the end of one year the value of the car has reduced by 25%.

Work out the value of the car at the end of one year.

\$ [2]

15

This is the graph of $y = x^2 - 6x$.

- (a) On the grid, draw the line of symmetry. [1]
- (b) Write down the equation of this line of symmetry.

..... [1]

- 16 Factorise fully.

$$8xy - 4x$$

..... [2]

- 17 The probability that a bus is not late is always 0.9 .
Heather uses the bus 20 times.

Work out how many times the bus is expected to arrive late.

..... [2]

18

NOT TO
SCALEWork out the value of x .

..... [2]

19 Write the ratio $360 : 200 : 120$ in its simplest form.

..... : : [2]

20 Solve the simultaneous equations.

$$5x + 2y = 30$$

$$3x + 4y = 32$$

$$x = \dots\dots\dots$$

$$y = \dots\dots\dots [3]$$

Questions 21, 22 and 23 are printed on the next page.

21 Write as a single fraction.

$$\frac{x}{2} - \frac{y}{3}$$

..... [2]

22 There are 112 books on a bookshelf.

84 are paperback books (P).

59 are fiction books (F).

37 of the paperback books are fiction books.

(a) Complete the Venn diagram.

(b) Find $n(P \cup F)'$.

[2]

..... [1]

(c) What type of books are represented by $(P \cup F)'$?

..... [1]

23 $9^{-5} \div 9^{-3} = 9^k$

(a) Find the value of k .

$k =$ [1]

(b) Using your answer to **part (a)**, write 9^k as a fraction.

..... [1]

Permission to reproduce items where third-party owned material protected by copyright is included has been sought and cleared where possible. Every reasonable effort has been made by the publisher (UCLES) to trace copyright holders, but if any items requiring clearance have unwittingly been included, the publisher will be pleased to make amends at the earliest possible opportunity.

To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced online in the Cambridge Assessment International Education Copyright Acknowledgements Booklet. This is produced for each series of examinations and is freely available to download at www.cambridgeinternational.org after the live examination series.
