Cambridge International General Certificate of Secondary Education

MARK SCHEME for the May/June 2015 series

0471 TRAVEL AND TOURISM	
0471/02	Paper 2 (Alternative to Coursework), maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2015 series for most Cambridge IGCSE[®], Cambridge International A and AS Level components and some Cambridge O Level components.

- (d) Discuss how a specialist tour operator, such as Single Star, might adapt its marketing mix to enter the market.

Indicative content:

- Product – offer product which is attractive to the singles market – escorted tours, activities for singles, single rooms. This differentiates the product from other providers.
- Price – no supplements for singles. Special offers. Discounts. This would attract customers from other general providers due to reduced cost.
- Place – distribution channel direct. Offer locations where there are activities single people will want. This would attract new customers whose needs are met.
- Promotion – advertise in student magazines and special interest magazines to create awareness of potential customers.

Use levels of response criteria.

Level 1 (1–3 marks) At this level candidates will **identify** 1, 2 or more elements of the 4Ps (listed above).

Level 2 (4–6 marks) At this level candidates will **explain** 1, 2 or more elements of the 4Ps

Level 3 (7–9 marks) At this level candidates will **evaluate** at least one element of the 4Ps. Award 8/9 for one element evaluated fully or some evaluation of 2 or 3 elements.
